 **Conservatives**

Dear Resident

Firstly, a huge thank you for re-electing me to serve you for the next four years. I was truly humbled by the number of you that voted to support me, and I promise to do my very best for this area during my term at Rugby.

I highlighted several issues in my leaflets, and I am already engaged with officers at Rugby working on these, and will endeavour to work with my Parish Council colleagues, Adrian Warwick, County Councillor, and our MP Mark Pawsey to solve as many concerns as I can.

We have had a recent decision on a planning injunction that has gone in our favour. I am grateful to officers at Rugby for their time in pursuing this. Whilst it is not necessarily the end of the story, it does at least give us a start in our defence of the Green Belt from unauthorised developments, and this is an issue across all of my area and that I know is of huge concern to you all.

I know Wolvey will be subject to housing growth over the next few years, and I will work closely with the Parish Council and developers to make sure that any approved development provides high quality homes for the village.

Again, thank you for your support, and even if you didn't vote for me, or at all, I am still here to support you, and hopefully change your mind!

Yours,

Councillor Becky Maoudis

Becky works well with Cllr Adrian Warwick and the local Parish Councils

Always working hard

Delivering our plan for Wolvey & Shilton

1 Becky is tackling illegal fly-tipping

Becky is working with Rugby Borough Council officers to tackle fly-tipping

Action being taken on fly-tipping – The issues around Fly Tipping in Barnacle are a huge concern to myself and residents. It was positive to meet residents with Adrian and Mark Pawsey recently, and this resulted in follow up meetings with Rugby Borough Council, who have committed again to put cameras in the area. This has been tried before, and sadly we believe we are dealing with professional fly tippers, so we are working on further measures that may also deter this blight to our area.

2 Mark Pawsey MP campaigning for an A&E

Mark Pawsey MP campaigning for A&E at St Cross

Campaigning for A&E – Rugby MP Mark Pawsey has called on the government and the health service to ensure that the needs of our fastgrowing town are matched by an increase in services at the Hospital of St Cross, including the restoration of Accident & Emergency care.

Mark is seeking to secure a debate in Parliament on this pressing issue following the results of his recent survey showing overwhelming support for the restoration of A&E in the town.

3 Parking and substance abuse solutions being sought

Becky was involved in getting the parking measures in place

Parking Measures – I was pleased to be involved with new parking measures at Wolvey School. Sadly, some drivers are still ignoring the signage that was erected.

I have also been concerned about the rise in substance abuse, particularly silver gas canisters, that appear in our lay-bys and verges. I have met with local police, and they have agreed to step up patrols, and have already issued penalty notices in the area. I will continue to press on these issues to keep our area safe.

Is there an issue you need our help with?

Get in touch with us and we'll be glad to get back to you.
